vs. :

MARY A. BLACKMORE :

CONSENT AGREEMENT

This matter is before the Department of Health, Division of Emergency Medical Services upon allegations that Mary A. Blackmore (hereinafter "Respondent"), did engage in conduct which would constitute grounds for disciplinary action against her while employed as an emergency medical technician at the Scituate Ambulance Corps. This conduct is alleged to have occurred on June 5, 1996 while Respondent was rendering emergency medical services to an individual at the Scituate Fitness Center. Respondent did fail to administer care in accordance with the provisions of the State of Rhode Island Prehospital Care Protocols and Standing Orders for Pulseless Electrical Activity (PEA) and Ventricular Fibrillation (VF). Prior to initiating administrative action to suspend the Respondent's emergency medical technician license, it is agreed by and between the parties as follows:

1. That this Consent Agreement is entered into without the Respondent admitting or denying the allegations forming the basis of this Consent Agreement.

2. That Respondent agrees to the immediate permanent voluntary surrender of her license as an emergency medical technician in the State of Rhode Island to the Department of Health, Division of Emergency Medical Services.
3. That Respondent agrees that she will not practice as an emergency medical technician in the State of Rhode Island and will not reapply, at any time, for licensure as an emergency medical technician in the State of Rhode Island.
4. That this Consent Agreement constitutes a final disposition of the matters forming the basis for this Agreement and obviates the necessity for an Administrative Hearing.
